

Boys & Girls Club of Greater Lowell - February, 2025

With 2025 in full swing, members at the Boys & Girls Club of Greater Lowell have returned to the full range of programs curated by highly skilled staff and community volunteers. And this month is all about art!

Teen artists have put the finishing touches on their submission for the annual Youth Mural Competition - be sure to check it out downtown during Winterfest!

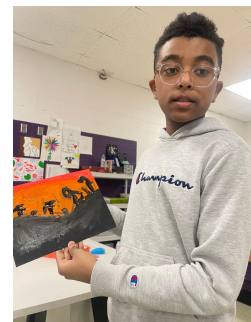

Last year, staff and members kicked off a brand new Photography Club. Members use professional photography equipment and software to arrange, shoot, edit, and share their masterpieces.

Last week, the Photography Club teamed up with the Outdoor Adventure Club to take winter nature shots while hiking and exploring the great outdoors. They have also set up a photo booth for their "Portrait and Headshot" curriculum lesson for all members and staff in the Club to have photos taken!

At the Boys & Girls Club of Greater Lowell, members access the tools and guidance to create art in the ways that speak to them - whether it's painting, photography, music, podcasting, beatmaking or the culinary arts, our young people are definitely creative and unique!

Want to learn more about art at the Club? Reach out to Sarah Chandonnet, Resource Development Director, to come in for a tour!

Volunteer Spotlight

The Club had an amazing corporate group volunteer visit from [Brooks Automation](#)! Volunteers assisted in a variety of activities tailored to the shared interests they had with members (including making art in Makerspace), while connecting with young people across different departments.

A big thank you to Brooks Automation for your time, energy, and support!

Organizations interested in volunteering please [head to our website](#) for more info or email Justien at justien.martin@lbgc.org.

Teen Center is Going Up!

As the demand for teen-specific programming goes up, we are thrilled to witness the brand new Teen Center come to life - right on Middlesex Street! [Watch the video](#) to see a quick time lapse of the project that will ultimately more than double the number of teens the Club serves each day.
