

*Boys & Girls Club of Greater Lowell - March, 2025*

Comic books, graphic novels and so much more were a part of the Education Comes First Book Fair and Literacy Day at the Boys & Girls Club of Greater Lowell last week - spearheaded by Academic Success Manager Christopher Maloney.

The Pollard Library was on hand with books the members could take home, to help any child apply for their first library card and to provide information about the library.

UMass Lowell professors and students joined in to assist and read with our members. Comically Speaking enabled the Club to purchase comic books at a discounted rate which helped to make this event extra special.

Members and staff were excited to participate in what we hope will become an ongoing tradition celebrating the love of reading! Read more in the *Lowell Sun* here.

### Volunteer Spotlight

A huge thank you to [UKG](#) for their generous contribution of several volunteer service hours.

Some members of their team flew in from out of state and had a great time team building while supporting the various needs of the Club.

Did you know? Service opportunities are available for many different skill sets and schedules.
